Introducing a new ship in a class all of it's own. Pamper yourself on the new *Celebrity Solstice*. A spectacular ship with a truly innovative experience. A 122,000 ton ship with 15 decks. Play bocce ball on a manicured lawn, watch glassblowers create art before your very eyes, dine in restaurants capturing every mood, have a drink at *Crush* where ice filled tables unite the tastes of vodka and caviar, enjoy a *Cirque du Soleil*-inspired circus show. Or warm up the night sipping cognac and taking in the sounds of jazz or dance and party until the sun comes up at Quasar Disco. You'll experience the height of thoughtful design in open spaces and small details. Experience the allure of a collaborative vision. A floating masterpiece crafted by world-class architects, designers and stylists. *Solstice* offers the warmth of personal touch. The sense of personalization creates the sense that you've truly arrived. The redesigned, more expansive staterooms and suites onboard *Solstice* aren't merely accommodations, they are alluring oases created to accommodate your desires. Passion is a key ingredient. Each meal holds the promise of magic. Embark on a spirited culinary journey with some of the world's greatest chefs. Join us on a journey of imagination where guests truly feel like stars.
